

Clearwater Connect 2022 Client Awards

Introducing an exciting way to showcase your success, accomplishments, and our partnership.

What are the Clearwater Connect Client Awards?

New this year, the Clearwater Connect Client Awards are a way to celebrate you, our clients, and your achievements through your partnership with Clearwater. The award categories highlight your growth, operational excellence, transformations, and more. There are awards for individuals, teams, and firms.

Who can nominate clients for the awards?

Anyone can nominate clients for these awards! Clients can nominate themselves and members of their teams (depending on the award), and we also encourage Clearwater team members to nominate clients.

What are the award categories?

There are six categories to choose from. Details are listed on the award website, and you can find more details on the following page. Some categories will have multiple winners.

How do I submit a nomination?

It's easy! Pick the category for which you'd like to submit a nomination and complete an online form to tell the judging committee why your firm, team member, or the firm you're nominating should win.

Can I nominate more than one client?

Yes! There are different categories to choose from, and you can submit as many clients as you'd like for one or more categories.

What is the timeline to submit nominations?

Nominations open July 1 and close August 10, 2022. Winners will be announced and honored at this year's Clearwater Connect taking place September 14-15, 2022, in Boise, Idaho.

What do the winners receive?

Award recipients will be honored publicly at Clearwater Connect, receive a physical award, and be featured through various social media/PR avenues with the support of our public relations firms.

Clearwater Connect 2022 Client Awards

Below you will find details about the six award categories.

Power User Award

Recognizes **individuals** within a client organization that have demonstrated an expert-level knowledge of how to use Clearwater. These individuals adopt new feature functionalities as they are released and use the system in efficient, innovative ways through custom dashboards and reports.

Trailblazer Award

Celebrates **client teams** who have taken a leap in their business and adopted cloud and SaaS technology for investment operations. Winners should have defined a new path for their organization, demonstrating their ability to lead through example.

Operational Excellence Award

Recognizes **client teams** that have turned their operations into a fast-paced, high-quality engine, while running a lean, efficient team.

Growth Enabler Award

Celebrates the growth of AUM either organically or through acquisition. This award recognizes **client teams** that have demonstrated that rapid growth of AUM doesn't slow or stop their progress. They are recognized for turning their invest-ops team into a growth enabler.

MVP Award

Recognizes **individuals** within a client organization that have demonstrated their passion for investment accounting while ensuring reporting, compliance, and risk are managed in a thorough, comprehensive manner.

Partnered for Success

Celebrates a **partner firm** that drove successful solutions to market while enabling clients to scale and grow quickly.
